Religion: Buddhism (evolved in different forms in Singapore which include cultural beliefs, superstition, Confucianism; but the essence is similar.

Origins:

Gautama Siddhartha, (563-483 AD), also known as the “Enlightened one” (Buddha) founded Buddhism in modern-day Nepal and India. Their writings include the Mahavastu (Great story, a chaotic collection covering the Buddha’s life story), Jataka Tales (550 stories of the former lives of the Buddha), the Tripitaka (Three Baskets) and the Tantras (as recorded in Tibetan Buddhism.)

Teaching of Buddhism	Biblical Teaching	Practical Approaches
<p>Salvation by good works and performing rituals. Bad people will go to Hell and good people to Heaven.</p>	<p>Salvation is in Christ alone</p> <p>Eph. 2:8-9 “For it is by grace you have been saved, through faith...not of works so no one can boast.”</p> <p>Acts 4:12 – “Neither is there salvation in any other...no other name under heaven, whereby we must be saved.”</p>	<ul style="list-style-type: none"> • Jesus My Savior Flashcard series • Heaven How to Get There, Lesson, tract • Wordless Book, Visualized lesson 1, 3 • Emphasize the “want to” to sin because most Buddhists believe they are born good and think they are not sinning as long as they don’t harm others. Assurance of salvation is important because receiving something without working for it is foreign to Buddhist children.

Other practical helps:

- Clarify terms such as prayer – Prayer is not chanting or performing a ritual. The Bible is not a “good luck charm” to keep away the evil spirits. Model to the children what and how to pray. Establish the authority of the Bible – verses, teaching, songs
- Pray for the children – Don’t pressure them to believe or participate in memorizing verses or Bible lessons. Allow God to work in their hearts by being at GNC – it may take a year or more for the children to believe
- Start a memory verse booklet so they can record verses and songs learned, as a Bible might be allowed in their homes
- Pray, encourage and support the newly converted child – opposition and ridicule from family members can be tough on them

- Work with the parents – it is important to build relationships with them and to show concern and love for the child apart from GNC – show concern about child by visiting homes, being interested in child’s education, etc.
